

## Lennox EL297V Gas Furnace Wins Prestigious GOOD DESIGN® Award

February 18, 2025

*The EL297V gas furnace, recognized for its innovative design and exceptional value, joins the legacy of award-winning products from Lennox.*

DALLAS, Feb. 18, 2025 /PRNewswire/ -- Lennox (NYSE: LII), a leading provider of innovative climate control solutions, proudly announces the [Elite Series EL297V Gas Furnace](#) has been honored with a GOOD DESIGN® Award from The Chicago Athenaeum: Museum of Architecture and Design and Metropolitan Arts Press Ltd. The GOOD DESIGN® Award, established in 1950, is the world's oldest and most prestigious program celebrating innovation and sustainability in design. The recognition highlights the EL297V's innovative design, energy efficiency, and value.

The EL297V Gas Furnace achieves an impressive 97% AFUE rating, qualifying for ENERGY STAR® certification and eligibility for the 25C Tax Credit. It features a two-stage gas valve and a variable-speed blower motor to help deliver consistent performance while ensuring quiet operation and balanced airflow throughout the home. Advanced built-in controls in the unit customize user experience through automatic configuration and precision airflow.

"This award reflects our dedication to creating innovative products that offer homeowners high-efficiency heating solutions," said Prakash Bedapudi, Lennox EVP and Chief Technology Officer. "The EL297V leverages advanced technology to deliver comfort and energy savings without compromise. We're incredibly proud of this addition to our legacy of award-winning innovations."

This achievement builds on the history of design excellence at Lennox, with past GOOD DESIGN® Awards recognizing products such as the [SL25XPV Heat Pump](#) and [S40 Smart Thermostat](#). For more information about the EL297V Gas Furnace, visit [lennox.com](http://lennox.com).
